

# DESIGN SUBMISSION – DEMONSTRATION GARDEN

## 3200 Airport Avenue

Plot 1 -- Plant List:

		<u>H<sub>2</sub>O</u>	<u>QUANTITY</u>	<u>SIZE</u>	<u>% OF TOTAL</u>
<b>1 AUSTRALIAN NATIVE GARDEN</b>					
A	GREVILLEA GARDEN (36" O.C.) <u>Grevillea lanigera 'Prostrate Form'</u> Prostrate Wooly Grevillea and/or <u>Grevillea 'Pink Midget'</u> Pink Midget Grevillea and <u>Lomandra longifolia 'Nyalla'</u> Mat Rush	L	24	1 g	
		L	16	1 g or 2 g	
		M	15	1 g	10%
B	GREVILLEA GARDEN -- larger species <u>Grevillea Rosmarinifolia</u> 'Scarlet Sprite' Scarlet Sprite Grevillea	L	3	1 g or 5 g	
C	SCREENING OR ACCENT <u>Agonis flexuosa 'Jedda's Dream'</u> Dwarf Red Peppermint Tree	M	3	or 5 g or 15 g	15%
D	CUT FLOWERS (32" O.C.) <u>Chamelaucium 'Matilda'</u> Matilda Bicolored Wax Flower	L	13	1 g or 5 g	
E	SHADE GARDEN (54" O.C.) <u>Correa alba var. pannosa</u> 'Western Pink Star' Western Pink Star Correa and <u>Dianella caerulea</u> Paroo Lily	L	9	1 g or 5 g	
		L	6	1 g	
ZONE SUB-TOTALS:					
		L	71		75%
		M	18		25%

# DESIGN SUBMISSION – DEMONSTRATION GARDEN

## 3200 Airport Avenue

### Plot 1 -- Planting Notes:

NOTE: Soil is to be treated with Mycorrhizal inoculant, before back-filling planting holes. Soil sample should be taken to determine necessary amendments, if any. Australian plants may need organic amendment to increase soil acidity. Recommended mulch for planted areas is "Forest Floor" from Foothill Soils, or comparable organic product.

## 3200 Airport Avenue

### Plot 2 -- Planting Notes:

NOTE: Soil is to be treated with Mycorrhizal inoculant, before back-filling planting holes. Soil sample should be taken to determine necessary amendments, if any. Succulents and Agaves may benefit by adding organic amendment (planter mix, forest fines, etc.) as well as fine volcanic pebbles, such as Hort-I-Lite (also packaged as "Dry Stall") from California Lightweight Pumice. Typical application is 15 to 20% (each) added to top 6-8 inches of soil. Recommended mulch for planted areas is "Forest Floor" from Foothill Soils, or comparable organic product.

## 3200 Airport Avenue

### Plot 3 -- Planting Notes:

NOTE: Soil is to be treated with Mycorrhizal inoculant, before back-filling planting holes. Soil sample should be taken. However, amendments generally are not necessary for California native plants. Recommended mulch for planted areas is "Forest Floor" from Foothill Soils, or comparable organic product.
